1. Purpose

This Memorandum of Understanding (MOU) establishes a partnership between Satya Institute of Technology And Management, hereinafter referred to as the **SITAM** and MSH Academy of Research hereinafter referred to as the **MSHAR** to collaboratively organize International Conference on Modern Trends in Engineering (ICOMOTE-2025), scheduled to take place on **14-15th February 2025** and other similar types of events.

2. Objectives

- To motivate the teaching and industry community towards focus on modern trends in engineering.
- To outline the roles and responsibilities of each party in organizing and executing the conference.
- To define the scope of collaboration and resource sharing.
- To ensure a successful event that benefits all stakeholders, including attendees, speakers, and sponsors.
- Both parties will also explore conducting similar types of events after completion of this conference.

3. Roles and Responsibilities

SITAM:

- **Venue and Facilities:** the venue and necessary facilities for the conference, including seating, audio-visual equipment, and internet access, logistics, hospitality etc.
- **Promotion:** Assist in promoting the event through internal channels such as newsletters, websites, and social media.
- **Logistics:** Handle on-site logistics, including room setup, signage, and registration desk management.

- **Volunteer Coordination:** Recruit and manage volunteers from the student body to assist with the event.
- **Key-note speakers and session chairs:** Two "local" key-note speakers will be arranged by the SITAM and two "international" key-note speakers will be arranged by MSHAR. Session chairs will be combinedly arranged by both parties concerned.

MSHAR:

- **Program Development:** Develop the conference program, including selecting and inviting speakers, creating the agenda, and arranging workshops or breakout sessions.

This task is especially handled by MSHAR.

- **Marketing and Publicity:** Lead external marketing efforts, including press releases, social media campaigns, and outreach to potential attendees and sponsors.

Marketing is handled by MSHAR and SITAM. However, getting the requisite number of papers will be ensured by MSHAR.

- **Sponsorship:** Identify and secure sponsorships to support the financial aspects of the conference as per the terms and guidelines of the institute.

Both the parties will try for sponsorships.

- **Registration:** Manage the registration process, including the creation of an online registration platform, handling attendee queries, and processing payments if applicable.

This process will be predominantly dealt by MSHAR with coordination from SITAM. The registration fee will be handled by SITAM.

4. Financial Arrangements:

- The registration fee/publication charges/honorarium to the resource persons to conduct various events including conferences/workshops/seminars/guest lectures etc will be mutually agreed upon by both the parties within the framework of the institution guidelines.
 - The invoice amount to be remitted to the publisher (including the shipping) to the tune of \$4000 plus GST and conversion charges (FOUR THOUSAND DOLLARS ONLY), will be borne by SITAM. The institute shall receive TEN printed copies of the proceedings.

5. Intellectual Property

- All the publications/IPRs/Patents developed/submitted by Authors as part of the conference (such as presentations, recordings, and materials) will be solely owned by SITAM unless otherwise specified and can be used after the clearance obtained from the Authors.

6. Confidentiality

- Both parties agree to maintain the confidentiality of any proprietary or sensitive information shared during the planning and execution of the conference.

7. Term and Termination

- **Term:** This MOU is effective from the date of signing and will remain in effect for a period of TWO years.
- **Termination:** Either party may terminate this MOU with 90 days written notice. In the event of termination, both parties agree to fulfill any outstanding obligations.

8. Dispute Resolution

- Any disputes arising from this MOU will be resolved through mutual negotiation. If unresolved, disputes will be mediated by a third party agreed upon by both parties.

9. Amendments

- This MOU may be amended by mutual written consent of both parties.

Faculty stand to gain by way of exposure to latest company practices for more effective teaching-learning processes, students stand to gain through hands on training, reduction of learning curve in industrial practices; and society stands to gain by way of improved quality of goods and services.

5.1. The Key offerings from KSQUARE INFO to “SITAM” include:

KSQUARE INFO will provide value-added services to students of College in the areas of:

1. **Internships (online)** – Facilitation of short-term and long-term internship opportunities, in alignment with students’ academic and career goals.
2. **LMS Application** - “SKILLMEDHA”, an AI-driven skill development platform, designed to empower students with personalized learning paths, real-time progress tracking, and AI-based feedback. SKILLMEDHA also includes Self-Learning Interactive AI Learning and a coding practice platform with 27+ environments.
3. **Campus Recruitment Training (CRT)** – Conducting structured Training programs on Technology, Aptitude, Reasoning, Communication skills, interview readiness, and employability enhancement to help them in enhancing students employment opportunities in both Online and offline mode.
4. **Overseas Education Support** – counseling, application assistance, Education Loan assistance, visa guidance, English proficiency training (IELTS, GRE, TOEFL, DUOLIGO, PTE and GMAT) and admission support for higher education abroad.

5.2. The key areas in which “SITAM” can benefit KSQUARE INFO

- **Provide brilliance** - SITAM to share exceptionally talented & self-confident students.
- **Vision sharing** - SITAM to do KSQUARE INFO branding within the Institution to motivate students to join us.
- **SITAM** will familiarize its students in spheres of KSQUARE INFO with a view of extend value added services to the company and/or its clients.
- **Prioritizing**– SITAM to spotlight KSQUARE INFO during campus drives.

This MoU is executed in duplicate with each copy being an official version of the Agreement and having equal legal validity.

By signing below both parties have set their hands to this Memorandum of understanding (MOU) on this August 2nd, 2025 at SITAM.

6. Monitoring And Implementation

Coordination Committee consisting of The Heads of the Departments, one senior faculty members of Department of Civil, Electrical & Electronics Engineering, Mechanical, ECE, CSE, CSE(AI&DS) and at SITAM and an officer nominated by the KSQUARE will look into the monitoring and implementation of the various aspects of the MoU. An annual review will be conducted to monitor the progress and in furtherance of the activities covered under the MoU.

Whereas, both Parties seek to collaborate in AI, quantum computing, quantum-inspired technologies, hardware security, and emerging technological domains.

Now, therefore, the Parties hereby agree to enter into this MoU under the following terms and conditions.

1. OBJECTIVE

The objective of this MoU is to establish a collaborative framework between Qubitech and SITAM to promote research, education, innovation, training, skill development, and capacity-building activities in the domains of AI, quantum computing, simulation technologies, and related emerging fields.

2. SCOPE OF COLLABORATION

The Parties shall collaborate in the following areas. All activities will be undertaken on a **case-to-case basis** through separate written agreements wherever required.

2.1 Educational Programs & Workshops

- Joint organisation of workshops, seminars, webinars, Faculty Development Programs (FDPs), and specialised training sessions.
 - Courses and sessions in areas such as Quantum Foundations, Quantum Algorithms, Quantum Simulation, AI-driven Quantum Techniques, etc.
 - Expert lectures from industry and research professionals.
-

2.2 Research & Development Projects

Collaboration on research projects in areas such as:

- Quantum-inspired computing
- Quantum simulation & modelling
- Photonic optimization
- Hardware-security foundations
- AI-driven quantum solutions
- Interdisciplinary engineering applications

This may include development of prototypes, publications, test-bed experiments, and joint research activity.

2.3 Access & Service Utilisation

SITAM may utilise Qubitech's resources, including:

- Consultancy and expert mentoring
 - Software tools and simulation platforms
 - Virtual labs, testbeds, and technology demonstrations
 - Support for student projects and faculty research initiatives
-

2.4 Internships & Knowledge Exchange

- Student internships (offline/online)
 - Industry–academia knowledge transfer
 - Mentorship and guidance for projects
 - Joint supervision of student academic research
-

2.5 Outreach & Dissemination

- Co-organisation of conferences, symposiums, summits, and outreach programs
 - Community and regional ecosystem building in AI/Quantum technologies
-

2.6 Financial Arrangements

Any financial engagement, paid service, subscription, or commercial activity shall be formalised **only through a separate written agreement** mutually signed by both Parties.

3. REPRESENTATIONS AND WARRANTIES

Each Party represents and warrants that:

- 3.1 It is legally constituted and competent to enter this MoU.
 - 3.2 It has full authority to execute this MoU.
 - 3.3 This MoU does not violate any law or agreement binding on the Party.
 - 3.4 All internal approvals have been obtained prior to execution.
-

4. FORCE MAJEURE

Neither Party shall be liable for failure or delay in performance due to causes beyond its reasonable control, including natural disasters, war, government orders, pandemics, strikes, or accidents. Obligations stand suspended during such period. Either Party may terminate this MoU if suspension exceeds one month.

5. CONFIDENTIALITY

All confidential information exchanged shall be kept confidential and used solely for the purpose of this MoU. Disclosure is permitted only when required by law or with prior written consent.

6. INDEMNITY

Each Party's liability is limited to **direct losses not exceeding INR 2,00,000** in aggregate.

No Party shall be liable for indirect or consequential losses.

7. TERM & TERMINATION

7.1 This MoU is valid for **three (3) years** from the date of signing.

7.2 Either Party may terminate with **30 days' written notice**.

7.3 Immediate termination is permitted in cases of fraud, misconduct, or reputational harm.

8. GOVERNING LAW & ARBITRATION

This MoU shall be governed by the laws of India.

Any dispute shall be resolved by a sole arbitrator appointed by the Arbitration Centre-Karnataka, Bengaluru.

Arbitration shall be conducted in English.

The award shall be final and binding.

9. INTELLECTUAL PROPERTY

9.1 Each Party retains ownership of its pre-existing IPR.

9.2 No joint IPR is automatically created under this MoU.

9.3 Any new IPR developed through jointly executed projects will be governed by a separate agreement.

10. MISCELLANEOUS

10.1 Amendments require written consent of both Parties.

10.2 Notices must be sent via email, courier, or registered post.

10.3 This MoU supersedes all prior discussions.

10.4 Parties operate as independent entities; no partnership or agency is implied.

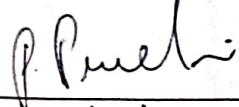

10.5 If any provision becomes invalid, remaining provisions stay effective.

10.6 Signatories confirm they are authorised to execute this MoU.

- 3 In case of any discrepancy please inform the Competent Authority.

Background:

- 1) Satya Institute of Technology And Management (SITAM), Gajularega, Vizianagaram, Andhra Pradesh 535002, India, is a well-established educational institution providing higher education to a diverse student population in Andhra Pradesh.
- 2) The CSC Academy is delivering various Government of India-sponsored skill and education programs, in addition to courses from private sector. Many of them are funded under Government schemes or under Corporate Social Responsibility.

Objective:

1. The First Party and the Second Party mutually agree to collaborate on the implementation of the PMGDISHA (Pradhan Mantri Gramin Digital Saksharta Abhiyaan), to bridge the digital divide that specifically targets the population, including students and staff (Scheduled Castes (SC) / Scheduled Tribes(ST), Minorities, Below Poverty Line(BPL), Women, Disabled and Minorities.) at Satya Institute of Technology And Management (SITAM), Vizianagaram.
2. The PMGDISHA project will empower citizens, especially by training them to operate computers and other digital access devices for sending and receiving e-mails, browsing the Internet, accessing citizen government services, and making digital payments. etc. to actively participate in the nation-building process.

Scope of Collaboration:

- 1) The First Party shall provide the necessary infrastructure and technical assistance for enrollment to the PMGDISHA (Pradhan Mantri Gramin Digital Saksharta Abhiyaan) program and will conduct an assessment/examination for the same.
- 2) The training program will be conducted on self-paced mode, spanning a total duration of 20 hours (min10 days – max 30 days).
- 3) The Second Party shall arrange for the enrollment of students and staff for the PMGDISHA (Pradhan Mantri Gramin Digital Saksharta Abhiyaan) program in the First Party campus.

Responsibilities:

- 1) The First Party shall ensure that all students and staff register and necessary data collection.
- 2) The First Party shall provide the necessary infrastructure and support for both enrollment and assessment of the PMGDISHA (Pradhan Mantri Gramin Digital Saksharta Abhiyaan) program at their premises.
- 3) The Second Party shall enroll all the students and staff provided by the First Party.
- 4) The Second Party shall ensure the training enrollment process and training will be conducted free of cost for all the students and staff at Satya Institute of Technology And

Management (SITAM), Vizianagaram.

- 5) Upon successful completion of the program, the Second Party shall facilitate the issuance of Government certificates to all the students and staff.

Terms and Conditions:

- 1) The collaboration period shall commence on 26.09.2023 and it will be effective for three years, which can be extended based on mutual consent and subject to availability of the scheme.
- 2) Both parties shall maintain the confidentiality of any proprietary information shared during the collaboration.
- 3) Any modifications or amendments to this MoU shall be made in writing and agreed upon by both parties.
- 4) Either party may terminate this collaboration by providing written notice at least 30 days prior to the intended termination date.

Governing Law and Jurisdiction

This MoU shall be governed by and construed in accordance with the laws of Government of India. Any disputes arising in connection with this MoU shall be subject to the exclusive jurisdiction of the courts in New Delhi.

This MoU will become effective from the date of execution as mentioned above.

WHEREAS the BSNL Training Point is one of the Leading Telecom Service Providers in India and is engaged, inter-alia, in developing the entrepreneurial ecosystem in the region in diverse areas of science and technology.

- a. Incubating technology-based novel ideas
- b. Promoting interaction with and resourcing technology and expertise from the Incubates.
- c. Providing incubation services and promoting start-ups

SITAM was established in the year 2011 to promote the Spirit of Technology in and around Vizianagaram. All departments are charged with the responsibility of training scientific manpower in various frontline areas of importance for the Indian nation and Global Needs. SITAM also contributes to the rapidly growing technological knowledge and professional excellence in Science and technology by undertaking industrial and applied research projects. SITAM initiated programs of Vocational courses in Electrical Equipment Maintenance, Automotive Servicing, Mobile Communications, and Refrigeration Air Conditioning along with BBA, MBA, BCA, and MCA. With many feathers in its cap, such as NAAC accreditation, Permanent Affiliation from JNTUK, and IIC (Institute Innovation Cell) from the Union Ministry of Education, SITAM is soaring to new heights in the field of education and research. SITAM is determined to produce efficient and impeccable technological professionals to cater to society's technology needs and effectively shoulder the ever-changing business responsibilities at national and international levels.

WHEREAS, the Second Party considers and identifies the First Party as an expert training point for imparting the start-ups with specialized knowledge in the research, innovations, marketing, and other niches of the startup ecosystem, shows interest to collaborate with the first party in order to work together towards building robust entrepreneurial and startup ecosystem at SITAM.

WHEREAS, both the parties agree to enter into a Memorandum of Understanding to work jointly towards a common goal to foster entrepreneurship among the student community through various

sensitization and engagement programs, innovation and immersion programs and other knowledge exchange programs.

NOW, THEREFORE, THE PARTIES TO THIS AGREEMENT HEREBY AGREE TO SET IN THE TERMS AND CONDITIONS HEREUNDER:

1. BSNL and SITAM agree to work closely in undertaking the following activities:
 - a. Developing Enterprise and Start-up ecosystem in the SITAM.
 - b. Training and development program for Students and faculty on entrepreneurship in SITAM and other interested parties or institutions of similar nature
 - c. Supporting, mentoring, and incubating the start-ups of the SITAM and other interested parties or institutions of a similar nature.
2. The BSNL and SITAM agree to work closely, exploring their available resources on mutually agreed terms, to arrange and organize the activities as mentioned in Annexure I and Annexure II covering the topics related to Innovation, entrepreneurship, and venture development. BSNL and SITAM will spearhead the process of motivation, ideation, prototype development, necessary training through internships and events, and mentoring students and faculty towards entrepreneurship.

3. Outcomes

This MoU is expected to have the following outcomes:

- Flourishing entrepreneurial Culture
- Create a Repository of ideas
- Supporting up to IP acquisition
- Latest technologies from the SITAM through the Innovation Center
- Duration of mentors and experts in different domains
- Incubation of matured ideas/pre-incubates from SITAM at BSNL.
- Revenue generation to the SITAM through the Innovation Center.
- Impact of the SITAM on the economic well-being of the region.

4. Space & Basic Infrastructure

BSNL will provide limited space, facilities, and basic infrastructure in support of this initiative at the BSNL campus; BSNL shall extend its

facilities for the conduction of different programs, such as training and exhibition, and not for any other reasons.

SITAM shall provide the necessary space; assign manpower and facilities to conduct the programs mentioned in the agreement. It also shall extend its laboratories, workshops, and expertise for the entrepreneurs to develop their products.

5. Financial Implications

The models of engagement agreed between BSNL and SITAM are according to the Platinum partner, as shown in Annexure I. The activities that are mentioned in the agreement for fostering an entrepreneurial ecosystem on the campus will be conducted by BSNL and SITAM jointly as part of any of the models of engagement.

6. Monitoring & Evaluation

Upon signing the agreement, both parties shall chart out the timeline/milestones on a quarterly basis. The monitoring and evaluation of the activities and the progress shall be done on a regular basis by both parties.

7. Outreach and Publicity

BSNL shall display the SITAM logo on its website. The partnership shall be prominently displayed and mentioned in all the events and programs.

SITAM shall display the logo of BSNL in its office at an appropriate location, such as the Innovation Cell/Incubation Centre, and also on its website with a hyperlink to BSNL's official website. SITAM shall mention the logo and the partnership with BSNL in its PR media, such as brochures, flexi, and social media sites relevant to the innovation cell/incubation centre events and programs.

8. Resolution of Disputes

Any disputes or differences shall be resolved amicably by mediation and discussion between the Parties. If not amicably settled within sixty (60) days of the dispute or claim arising, such dispute or claim shall be decided by a sole arbitrator appointed mutually in accordance with the provisions of the Indian Arbitration & Conciliation Act, 1996 (as amended). This Agreement shall be governed by Indian laws.

9. Confidentiality

- a. During and for a period of five years from the date of termination of this Agreement, each party agrees to consider as confidential all information disclosed by the other party in written or tangible form or, if orally disclosed, confirmed in writing within thirty days of disclosure and identified as confidential by the disclosing party
- b. The obligations above shall not extend to any confidential information for which the receiving party can prove that this information:
 - is in the public domain at the time of disclosure or comes within the public domain without the fault of the receiving party.
 - is already known or has become known to the receiving party
 - is received from a third party having no obligations of confidentiality to the disclosing party,
 - is independently developed by the receiving party or
 - is required to be disclosed by law or court order.
- c. The parties acknowledge that the 'Confidential Information' is proprietary to the disclosing party, has been developed and obtained through great efforts by the disclosing parties, and that the disclosing party regards all of its confidential information as trade secrets. Disclosure of the information to other parties cannot be treated as granting or conferring any rights by license or otherwise, express, or implied, regarding any idea made, conceived, or acquired prior to or after the effective date, nor as granting any right with respect to the use or marketing of any product or service.
- d. Neither of the Parties shall use the name or logo of the other for any purpose, whether in relation to any advertisement or other form of publicity, without obtaining the prior written consent of the other Party
- e. The provisions of this Article will not apply to any information in the public domain; information in the possession of the receiving Party prior to the disclosure of the information; information which is independently developed by the receiving Party; Information required to be released by law; and information which is rightfully received by receiving Party from third parties without any breach of confidentiality obligations. This section

will survive the expiration or termination of this MoU for one (1) year from the date of expiration of this MoU.

10. Force Majeure

In the event that either Party is delayed or impeded in the performance of its obligations hereunder by any cause beyond its reasonable control, it shall be entitled to such extension of time for such performance as may be fair and reasonable in all the circumstances.

11. Indemnity

Parties to the MoU hereby undertakes and agree to indemnify one another and their personnel, consultant, agents, funders, and associated parties under this Agreement and hold them harmless and keep them at all times fully indemnified from and against all actions, proceedings, claims (including any claims raised by third parties), liabilities (including statutory liability), penalties, demands and costs (including without limitation, legal costs), awards, damages, losses and/or expenses however arising directly or indirectly, including but not limited to as a result of:

- i. Breach or non-performance by the Parties of any of its undertakings, warranties, covenants, declarations, or obligations under this Agreement; or
- ii. Any claim or proceeding brought by the Parties or any other person against BSNL and all its personnel, management, employees, consultants, agents, and stakeholders, including startups and associated parties in respect of any products or services offered by Partner; or
- iii. Any negligent act or omission default, misconduct or fraud of the Parties, Its employees, agents, sub-contractors, or
- iv. Any act, deed, omission, or non-performance on the part of the Partner or its Employees or Agents;
- v. Contravention of any law, as may be applicable from time to time, or industry practice;

12. Nature of MOU

This MoU is not a legally binding document and serves only on the terms of mutually agreed terms between the parties. The said MoU shall in no

form be legally enforceable and has no binding on either party/ partner involved in the same.

13. Amendments to the MoU

Changes and/or deviations are likely to happen both in the context and extent of the subject matters covered under this MoU. Any modifications to the agreement shall be considered only when accepted mutually in writing by both parties by signing an amendment to the agreement.

14. Terms and Termination

This MoU, unless extended by mutual written agreement of the parties, shall be valid up to Five (05) years after the effective date specified in the opening paragraph, provided that the second party duly contributes to the annual partnership year-on-year. This MoU may be amended or terminated, or renewed earlier by mutual written agreement of the parties at any time. The agreement may not be assigned or transferred without the prior written consent of the other party to this agreement. This MoU is executed in duplicate, with each copy being an official version of the Agreement and having equal legal validity. This MoU constitutes the entire and only MoU between the parties, and all prior negotiations, representations, agreements, and understanding are hereby superseded. Either Party may, at any time during the MoU term, by way of 2 (two) weeks' written notice, intimate to the other party its intent to terminate this MOU.

BY IN WITNESS whereof the Parties hereto have caused this MoU to be duly executed, effective as of the day and year first above mentioned.

ANNEXURE - II
SATYA INSTITUTE OF TECHNOLOGY AND
MANAGEMENT(SITAM)INCUBATION CENTRE – BSNL PROPOSAL

The main objective of the Incubation Centre is to help young budding engineers develop innovative ideas to take care of societal needs and to seed in the students' minds about startups. I hope **SITAM** is already well established with unique labs such as Nano Technology, Electro Lounge, Advanced Manufacturing, and regular curriculum labs.

In association with BSNL Visakhapatnam, the Incubation Centre needs to operate with advanced technological applications in the implementation and integration of new technologies like M2M communication, IoT, AI, and Blockchain technology application projects in totality. Introducing prototype applications like Power sector Operation and maintenance utilizing smart metering applications for HT & LT services, monitoring of power distribution systems through SCADA projects, Water distribution system SCADA project, and Smart City application in which monitoring from the centralized DASH board of all the smart poles, smart signaling, smart bus stations and the terminals, SONAR, RADAR, GPS applications using in the Fisheries, smart agriculture using DRONE technologies, DIP irrigation operating remotely, Various marine applications, Defense applications like the movement of the War ships, submarines are the some of the real-time monitoring application and establishing Robotics lab of O, A and B levels. Some of the Access Technology models for the convergent technologies are :

Digital Transmission Systems:

Establishing fibre Digital technology systems right from its inception, i.e. PDH (Plesynchronous Digital Hierarchy), SDH (Synchronous Digital Hierarchy) systems of STM-1, STM-4 & STM-16 etc, DWDM (Dense Wave Length Digital Multiplexing) systems. Optical Line Terminal (OLT), Optical Splitters, Optical Network Unit (ONU/ONT) etc to establish Fibre to the Home (FTTH) connections with Voice and high-speed data connectivity for domestic, commercial, and corporate customer with different technologies EPON, GPON and GEPON.

Optical Fiber Cable Accessories & Testing Instruments:

Different types of Optical fiber cables 2F/4F/6F/12F/24F/48F/96F and 288F, different types of optical patch cards (FC-FC, FC-LC, and FC-SC cards), Optical Fiber cable Testing & measuring instruments like Optical Fiber Splicing Machine, Optical Time Domain Reflectometer (OTDR), and Optical Power Meter.

Networking and its accessories:

Different types of Routers, Managed switches, unmanaged switches, different types of Modes used in Copper / Fiber technology, different types of LAN cables like CAT 5 & CAT 6 interface Ethernet cables manufacturing tools and its testing meters, Different types of modes to converting Electrical to Optical and Optical to Electrical with bandwidth capacities 10/100/1Gbps and its testing instruments.

The following are some of the guidelines to be followed for the establishment/expansion of the existing Incubation Center by adding different Communication Systems; ICT, Data Communication, latest IoT (Internet of Things) applications; M2M (Machine to Machine Communication) applications; SCADA (Supervisory Control and Data Acquisition) applications in Power and Water distribution system etc. Also, monitor and upgrade the different technologies that are to be implemented in the future for implementation of smart solutions.

Prototype Water SCADA project:

This is a helpful student project that teaches theory and application by applying all the courses learned especially the ones that are about Instrumentation, Process Application, Digital and Analog Electronics, and computer programming. Supervisory Control and Data Acquisition (SCADA) based pumping water station is designed to collect field information, transfer it to a central computer facility, and display real-time operational data to the operator graphically or textually, thereby allowing the operator to monitor or control an entire system from a central location in real-time. Also, real-time monitoring of the water distribution up to the delivery point using individual

water-consuming meters, and its real-time monitoring with respect to wastage using SCADA DASH Boards.

Latest smart Applications:

a) *RF ID in Medical Applications:*

Medical information systems are expected to be useful for both logistical and medical personnel. As such, the systems are reliant upon the sensors implemented to acquire information for both groups. Such sensors may be divided by their competency in environment sensing or object identification. Typically, environment sensors are limited by their per-unit price, reducing their scalability. Similarly, current object identification systems involve barcodes limited by line-of-sight (LOS). Radio-frequency identification (RFID) proposes a reasonable solution to both problems through comprehensive and cheap tag designs. Such designs allow real-time monitoring of medical equipment, patient medical adherence, and new means of disease diagnosis in patients. Consequently, RFID may be viewed as an avenue for improving both medical equipment logistics and diagnostic options.

b) *Boom Barrier:*

A Boom Barrier is a Bar or Pole placed at a pivot to move up and down to control vehicle access in a particular premises. It is used for both Commercial and Residential purposes. The Operation of an Automatic Security Gate or Boom Barrier varies in Size, Shape and Operation. If you want to protect your Home or Business, a Boom Barrier is an added Security. It ensures that you are in control of vehicle movement within your premises. There are several versions of Boom Barriers, such as Hydraulic, Electromechanical and Manual boom barriers. One of the distinguishing features is their simplicity of assembly.

Robotics:

Robotics today is undergoing a transformation with robots increasingly stepping out of their factory cages. At the robotics lab we specialize in the mechanical design and algorithmic control of physical interaction between the robot and its environment at O, A & B levels. All the branches of the students can enroll and learn all the levels and obtain certificates for each levels and

the same applications can be incorporated for their internship / project works/ innovative / invention application for the multi branch projects in coming days with hands on experience at the college premises itself with the guidance of the Industry/service organization.

Finally, the establishment/enhancement of an incubation center will help the **SITAM** to organize the **Faculty Development Programs (FDP)** in support with the industry experts to bridge the gap between academic and the industry and to develop / demonstrate the latest innovative applications using live / proto type models and enhance the hands-on experience skills for the faculty and for the students. Also, this will facilitate to introduce upcoming technologies with less expenditure in coming days with less financial burden. Hence the proposal for the financial assistance from MSME to augment the existing INCUBATION Center with latest technology testing and proto type models is the need of the future please.

BSNL will supply some of the available equipment and accessories free of cost, and the remaining will be procured by **SITAM** the technical support will be extended by **BSNL** and for the procurement and installation with the support of different vendors to establish the following labs:

1. DIGITAL TRANSMISSION SYSTEMS:

- PRIMARY CHANNEL MUX : BSNL Will supply
- PDH SYSTEMS :BSNL Will supply
- SDH SYSTEMS:BSNL Will supply
- OFC TESTING INSTRUMENTS, METERS like Splicing Machine; OTDR; Optical Power Meters; Variable Attenuators; Digital Transmission Analyzers; Ethernet Tester (10Mbps / 100 Mbps/ 1Gbps)
- OFC ACCESSORIES i.e. different types of Optical connectors; Patch Cards etc.
- Different types of Optical Convertors (10/100 Mbps; 1Gbps etc)
- Optical Fiber Cable (4F)

2. DIGITAL MOBILE COMMUNICATION:

- Different Types of 2G / 3G sector antennas: BSNL Will supply
- Indoor Booster Systems

- Radio Power Meter
- VSWR Meter

3. DIGITAL MICROWAVE LINKS:

Installation of one 100 / 200 Mbps DMW link with Antenna / ODU / IDU systems

4. FTTH TECHNOLOGY:

OLTE Equipment with Optical Splitters and ONUs.

5. DATA COMMUNICATION:

- Basic Routers
- Managed Switches
- Unmanaged Switches
- Different types of Copper / Optical Modems
- Bridge routers
- Punching Tools
- IO Box
- CAT 6 cable
- Crimping tool
- RJ 45 Connectors

6. Enterprise Wi-Fi Establishment:

- Enterprise Wi-Fi Access Point
- Pi(Radius/ Web Portal) Device
- Scan Disk Memory Card
- PoE Injector / PoE Switch

7. SCADA Prototype model with DASH Boards: Water Distribution Project

8. SCADA Proto type model with DASH Board: Power Distribution Project

9. Robotics Lab (O; A&B Level) with 3 years warrants with FDP.

10. TESTBED EQUIPMENT FOR 2G/3G/4G/5G GSM TECHNOLOGIES:

In addition to the above, some more applications related to other branches can be added, and the latest applications will be added in due

course of time for the hands-on experience for the utilization of all branches of engineering students to for the development and presenting innovative thoughts and ideas for to become future entrepreneurs, to initiate start-ups etc.

Whereas, SITAM is an educational institute offering graduation and post-graduation courses in B.Tech and Management, Advanced Studies and Research, and a host of other offerings in the education field.

2. Purpose:

The purpose of this MoU is to establish the terms and conditions under which both parties will associate, collaborate, and work towards the following:

- (a) Design, analysis, simulations, validations, and development of components related to sub-systems of satellites and orbital vehicles, other products, sub-assemblies, etc., in similar categories.
- (b) Marketing the above services in India and nearby countries or any other region further agreed mutually.

3. Term of MOU:

This MoU is effective upon the day and date signed and executed by the duly authorized representatives of the parties to this MoU and the governing bodies of the parties' respective counties or municipalities and shall remain in full force and effect. This MOU may be terminated/superseded, without cause, upon signing an agreement towards the roles and responsibilities, including the clear line of boundaries of all the parties involved.

4. Responsibilities of Taramandal:

- ✓ Taramandal shall be the principal coordinator for designing and developing the CubeSat.
- ✓ Taramandal shall be responsible for design analysis, simulations, and proof of concept.
- ✓ Taramandal shall closely coordinate with SITAM to develop a comprehensive project plan outlining the CubeSat development's objectives, milestones, and timelines.
- ✓ Taramandal shall oversee the testing and validation phase, ensuring the development of CubeSat.
- ✓ Taramandal shall coordinate with SITAM towards developing a Center of Excellence for space research, which contributes industry insights and expertise to develop a strategic plan, aligning it with current trends and future opportunities in space research.

6. Responsibilities of SITAM:

- ✓ SITAM will assist in resource allocation, utilizing college infrastructure, laboratories, and academic expertise to complement the project's financial and technical needs.
- ✓ SITAM shall coordinate with Taramandal to provide all the support required to make the project successful.
- ✓ SITAM shall coordinate with Taramandal to meet all the financial needs for the development and launch of Cubesat.
- ✓ SITAM shall coordinate with Taramandal to meet all the financial needs for establishing the Center of Excellence for Space Research on campus.
- ✓ SITAM shall maintain all the non-disclosure clauses and enter into a non-competing agreement with Taramandal pertaining to the above project to avoid any conflicts and will fully respect and honour the Intellectual Property towards Taramandal at all times.

7. Responsibilities of Both Parties:

- ✓ Both parties respect and maintain the confidentiality of each other's Intellectual property towards technology, management strategies, market, and customers.
- ✓ Both parties strive to deliver the best towards the development of the project.
- ✓ Both parties shall jointly take decisions towards selecting the parameters under this project (which may include placing the logos, displaying names, etc.).
- ✓ Both parties shall work closely towards identifying any new technology from/or their partners who can be a value addition to this program towards exclusivity.
- ✓ Both parties shall define the pricing strategy based on the scope of work of the parties.

8. General Provisions

A. Amendments: Either party may request changes to this MOU. Any changes, modifications, revisions, or amendments to this MOU which are mutually agreed upon by and between the parties to this MOU shall be

incorporated by written instrument and effective when executed and signed by all parties to this MOU.

B. Applicable Law: The construction, interpretation and enforcement of this MOU shall be governed by the applicable laws.

C. Severability: Should any portion of this MOU be judicially determined to be illegal or unenforceable, the remainder of the MOU shall continue in full force and effect, and either party may renegotiate the terms affected by the severance.

D. Taramandal is entitled to work with any organization/individual on similar grounds.

9. Signatures: In witness whereof, the parties to this MOU through their duly authorized representatives have executed this MOU on the days and dates set out below and certify that they have read, understood, and agreed to the terms and conditions of this MOU as set forth herein.

Dear Madam,

On behalf of students of our Avanthi's St.Theresa Institute of Engg & Technology, Garividi , I would like to express our deepest and sincere Appreciation to **Smt. D.Vijaya Sri**, Asst. Professor Dept of Electronics & Communication Engineering as our guest lecturer on the topic of "**Mobile Cellular Communication**" on 12th Apl -2024. This knowledge sharing session was informative and interesting as evidenced by the attendance and participation from our students .

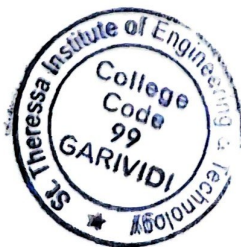

Thank you for making this lecture a success and we appreciate your continued support.

Yours Sincerely,
